

ANNOUNCING THE ADVANCED PULMONARY CARE PROGRAM AT ARBROOK PLAZA

Our **Advanced Pulmonary Care Program** helps maintain and enhance the health and quality of life of our patients suffering from pulmonary disease.

Our goal is a successful discharge for each patient after they can independently manage their pulmonary disease whenever possible.

We have a dedicated **Respiratory Therapist** at our facility helping you to breathe better day by day.

Diagnoses and conditions can include:

- Chronic Obstructive Pulmonary Disease (COPD)
- Pulmonary Fibrosis
- Chronic /Acute Respiratory Failure
- Pneumonia
- Asthma
- Bronchitis
- Tracheostomy (*Including Fresh trachs*)
- Sleep Apnea

To make a referral:

1. Contact us 24/7 at 512.820.1324
2. Send referral via Allscripts, Curaspan or Efax: 512.717.3056.
3. Receive approval within 20 minutes or less!

Our Pulmonary Program provides:

- Nebulizer Treatments
- Incentive Spirometry
- Intermittent Positive Pressure Breathing (IPPB)
- BIPAP/CPAP/Trilogy

**NOW ACCEPTING
